

## The Millions of Shī'as that go to Karbalā' are Pagans & Mushrikeen by Shaykh Sulaymān al-'Alwān(حفظه الله):

"And you can see the millions at Karbalā' & in 'Irāq, they celebrate 'Āshūrā' & call upon other than Allāh(جل وعلا), at the graves of al-Kādhim(رحمه الله), al-Hussein(رضي الله عنه), and the esteemed ones according to them. And they could be esteemed in reality, however they call upon other than Allāh(جل وعلا). The millions of them, all of them are pagans! All of them are pagans and polytheists! Because they call upon other than Allāh(جل وعلا). And they ask them for help, victory, stability and restoring safety for their country, while they say "There is no deity worthy of worship", but they don't understand this word, nor know its meaning"
